5.2: Delete "MIL-P-7936" and substitute "MIL-STD-794"

ADD 6.3: Recycled Material. It is encouraged that recycled material be used when practical as long as it meets the requirements of the specification (See 3.4).

The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
