COMMERCIAL ITEM DESCRIPTION

PLIERS, OPTICIANS', FINGER PIECE, 5 INCH

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers one type of opticians' pliers to be used for adjusting finger piece mountings and gripping end pieces when adjusting temple fold angle on metal spectacle frames.

Salient characteristics:

Shall conform to the design and dimensions as shown on DPSC Drawing No. 1314, revised 13 November 1985.

The jaws of the pliers shall be stub-nosed and parallel with a separation, when closed, of 1.5 millimeter gap.

The pliers shall be the box lock type with no looseness between the two halves of the pliers in the open or closed position.

Shall be made of tool steel type 1040 series, nickel plated or chromium plated over nickel base throughout, with scratch brush finish at the bottom halves of the handles.

Hardness shall be C40 to C55, Rockwell or better after proper stress relief.

The pliers shall be permanently marked with manufacturer's name or logo.

Workmanship. The pliers shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One pliers, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and

FSC 6540

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
