COMMERCIAL ITEM DESCRIPTION

PLIERS, OPTICIANS', SNIPE NOSED

The General Service Administration has authorized the use of this commercial item description.

This commercial item description covers one type of opticians' pliers to be used for adjustment and shaping of bridge, pad arms and end pieces of metal spectacle frames.

Salient characteristics:

Shall conform to the design and dimensions as shown on Figure 1.

The taper shall be uniform in width from beginning of jaws to the outermost end. The jaw shall come in contact only at the outer end when the pliers are in the closed position.

The pliers shall be the box lock type with no looseness between the two halves of the pliers in the open or closed position.

Shall be made of tool steel type 1040 series, nickel plated or chromium plated over nickel base throughout, with scratch brush finish at the bottom halves of the handles.

Hardness shall be C40 Rockwell or better.

The pliers shall be permanently marked with manufacturer's name or logo.

Workmanship. The pliers shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One pliers, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

FSC 6540

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
