COMMERCIAL ITEM DESCRIPTION

ADHESIVE TAPE, SURGICAL, ELASTIC

The General Services Administration has authorized the use of this commercial item description.

This Commercial Item Description covers an Elastic Adhesive Tape which shall be suitable for bandaging irregularly contoured sites such as knees, ankles, shoulders and elbows.

Salient characteristics:

The adhesive tape shall be of the following widths, as specified:

Width (Inches)
1
2
3
4

The backing shall be closed-cell polyvinyl chloride coated with an acrylic pressure sensitive adhesive and shall be hypoallergenic. The tape shall have a minimum tensile strength of 2.75 pounds per inch of width and shall have a minimum elongation of 165% when tested in accordance with the United States Pharmacopeia (USP) for adhesive tape. The tape shall have a minimum adhesive strength of 10 ounces/inch of width. The tape shall be highly conformable and shall also be suitable in the application of pressure dressings and compression dressings. The tape shall have a stretched length of 5-1/2 yards and shall be evenly wound onto a suitable cylindrical core or spool.

Inspection/test dating period. The inspection/test dating period shall be not less than 18 months.

Not more than 3 months shall have elapsed from the date of manufacture to the date of delivery to the Government.

Workmanship. The tape shall be free from defects which detract from its appearance or impair its serviceability.

FSC 6510

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit. Package (PG). One package containing twelve rolls of tape of one inch width, six rolls of two inch width, four rolls of three inch width or three rolls of four inch width, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
