COMMERCIAL ITEM DESCRIPTION

OINTMENT BASE

The General Services Administration has authorized the use of this commercial item description.

This Commercial Item Description covers Ointment Base for use as a base in compounding dermatological prescriptions.

Salient characteristics:

Shall be Ointment Base.

Shall be unscented, water-soluble ointment base (50 percent water in oil emulsion of cholesterolized aliphatic hydrocarbons).

Shall have the following formulation:

Purified Water	45-55 percent
Petrolatum	15-25 percent
Mineral Oil	15-25 percent
Mineral Wax (Ceresin)	5-10 percent
Wool Wax Alcohols (Wool Alcohols BP)	2- 4 percent
Suitable preservative (optional)	

The proportions of the substances constituting the base may be varied provided the specific gravity and pH are consistent.

Ointment base shall have a specific gravity of 0.90 to 0.94 when tested using a suitable, accurate, and reproducible method.

Ointment base shall have a pH of 6.50 to 7.50 when tested using a suitable, accurate and reproducible method.

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Ointment base shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Jar (JR). One jar containing 1 lb (453.6 gram), as specified, constitutes one unit.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

For information only. The following product(s), as of the date of this document, is/are purported by the following companies to meet the salient characteristics of the item(s) described herein:

Beiersdorf, Inc, - Eucerin Cream

NOTE: The following National Stock Number is covered by this document:

6505-00-443-4613
