MILITARY SPECIFICATION

PLOTTER COMBAT MISSION, PLU-6/C
(AIR NAVIGATION)

This amendment forms a part of MIL-P-87133, dated 18 January 1983, and is approved for use within the Department of the Air Force and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 1

* 2.1 Delete "first sentence" and add: "Government documents."

* "2.1.1 Specifications and standards. The following specifications and standards form a part of this specification to the extent specified herein. Unless otherwise specified, the issues of these documents shall be those listed in the issue of the Department of Defense Index of Specifications, and Standards (DODISS) and supplement thereto, cited in the solicitation.

* Under SPECIFICATION, FEDERAL, delete "PPP-F-320" and add: "PPP-B-601 Boxes, Wood, Cleated Plywood".

* Under SPECIFICATION, Military, delete "MIL-B-117".

* Under STANDARDS, Military, delete "MIL-STD-794" and add: "MIL-STD-2073-1 DOD Material Procedures For Development And Applicable Of Packaging Requirements".

* Delete address on lines 3 and 4 of beneficial comments block and add: "Oklahoma City Air Logistics Center/MMEDO, Tinker AFB OK 73145-5990".

PAGE 2

* Add: "2.2 Other publications. The following document(s) form a part of this specification to the extent specified herein. Unless otherwise specified, the issues of the documents which are DOD adopted shall be those listed in the issue of the DODISS specified in the solicitation. Unless otherwise specified, the issues of documents not listed in the DODISS shall be the issue of the nongovernment documents which is current on the date of the solicitation.

American Society For Testing And Materials (ASTM)

ASTM D3951 Packaging, Commercial

(Application for copies should be addressed to: ASTM, 1916 Race St Philadelphia PA 19103.)

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

(Nongovernment standards and other publications are normally available from the organizations which prepare or which distribute the documents. These documents also may be available in or through libraries or other informational services)".

* Add: "2.3 Order of precedence. In the event of a conflict between the text of this specification and the reference cited herein (except for associated detail specifications, specification sheets or MS standards), the text of this specification shall take precedence. Nothing in this specification, however, shall supersede applicable laws and regulations unless a specific exemption has been obtained".

* Delete "3.1" and add new: "3.1 First article. When specified in the contract or purchase order, a sample shall be subjected to first article inspection (see 4.3 and 6.2)".

3.3.1 Delete and add: "3.3.1 Printing. The printing shall be on the underside of the base to avoid parallax. The printing shall be on clear plastic in black and magenta ink as specified on figures 1 and 2. If the requirements of figures 1 and 2 conflict with the requirements of 3.3.1.1 through 3.3.1.5, the requirements of 3.3.1.1 through 3.3.1.5 shall apply".

PAGE 5

3.6 Delete in its entirety.

* Add: "3.8 Recycled and reclaimed materials. Recycled and reclaimed materials shall be encouraged to the maximum extent possible without jeopardizing the intended end use of the item".

PAGE 7

* Add: "4.1.1 Responsibility for compliance. All items must meet all requirements of sections 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection system or quality program. The absence of any inspection requirements in the specification shall not relieve the contractor of the responsibility of assuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material".

* Delete "4.2(a)(b) in its entirety and add new: "4.2 Classification of inspections. The inspection requirements specified herein are classified as follows:

a. First article inspection (see 4.3).
b. Quality conformance inspection (4.4)".

* Delete Section 5 in its entirety and add:

"5. PACKAGING

5.1 Preservation. Preservation shall be level A, C, or Industrial, IAW MIL-STD-2073-1, as specified (see 6.2)

5.1.1 Level A.

5.1.1.1 Cleaning. Plotter shall be cleaned in accordance with process C-1 or MIL-P-116.

PAGE 9

5.1.1.2 Drying. Plotter shall be dried in accordance with process D-4 of MIL-P-116.

5.1.1.3 Preservation application. Preservative shall not be used.

5.1.1.4 Unit packaging. Unless otherwise specified by the contracting activity, each plotter shall be packaged in quantity unit packs of one each in accordance with Method III of MIL-P-116. Each plotter shall be placed in a PPP-B-636 Fiberboard container weather resistant, with sufficient cushioning material between bag and unit container of a type, density, and thickness to insure shock transmission does not exceed peak values in G's established for the plotter when completed packs are subjected to the rough handling drop tests of MIL-P-116.

5.1.2 Level C. Each plotter shall be clean, dry, and individually packaged in a manner that will afford adequate protection against corrosion, deterioration, and physical damage during shipment from supply source to the first receiving activity.

5.1.3 Industrial. The Industrial preservation of plotter shall be in accordance with ASTM D3951.

5.2 Packing. Packing shall be level A, B, C, or Industrial as specified (see 6.2).

5.2.1 Level A. Plotter packaged as specified in 5.1.1 shall be packed in shipping containers conforming to PPP-B-601, Styles A or B, Class overseas, unless otherwise specified by the contracting activity. Insofar as practical, exterior shipping container shall be of uniform shape, size, minimum tare and cube consistent with the protection required.

5.2.2 Level B. Plotter packaged as specified in 5.1.1 shall be packed in shipping containers conforming to PPP-B-636, class weather-resistant, unless otherwise specified by the contracting activity. Other requirements as specified in 5.2.1 apply.

5.2.3 Level C. Packing shall be applied which affords adequate protection during domestic shipment from the supply source to the first receiving activity for immediate use. This level shall conform to applicable carrier rules and regulations.

5.2.4 Industrial. The packaged plotter shall be packed in accordance with ASTM D3951.
