MATERIAL: New rubber, free from particles, blisters, or other imperfections.

(A) DESIGN: Holder shall consist of a single piece of rubber with a conical hole in its center and shall be in accordance with the above dimensional chart.

(A) NOTES:
1. Holder shall accommodate filtering crucibles MS36088-3 and MS36088-4.
2. Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
3. Referenced document shall be of the issue in effect on date of invitations for bid.

APPROVED 28 JUNE 1961 REVISED (A) 4 JUN 69

This military standard is approved by the Department of Defense and is mandatory on all activities. Selection for all new engineering and design applications and for repetitive use shall be made from this document
