INCH-POUND

MIL-P-17303D(SH)
AMENDMENT 2
24 October 1991
SUPERSEDING
AMENDMENT 1
1 November 1984

MILITARY SPECIFICATION

PACKING MATERIALS,

PLASTIC METALLIC AND PLASTIC NONMETALLIC

Inactive for new design after 24 October 1991.

This amendment forms a part of MIL-P-17303D(SH), dated 4 January 1984, and is approved for use by the Naval Sea Systems Command, Department of the Navy and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 2

2.1 Under STANDARDS, FEDERAL, ADD:

* "FED-STD-313 - Material Safety Data, Transportation Data and Disposal Data for Hazardous Materials Furnished to Government Activities."

PAGE 3

3.1 Delete and substitute:

"3.1 Qualification for class 1, types B, C and D and class II, types C, D, E and F only. Packing materials furnished for class I, types B, C and D and class II, types C, D, E and F under this specification shall be products which are qualified for listing on the applicable qualified products list at the time set for opening of bids (see 4.3 and 6.3).

3.1.1 First article inspection for class I, type E only. When specified (see 6.2.1) a sample shall be subjected to first article inspection (see 4.3.1 and 6.3.2).

3.2, line 2: At the end of sentence add "or first article (see 4.3.1 and 6.3.2)."

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

* Add as new paragraph:

"3.7 Material Safety Data Sheets. Material safety data sheets stating preparation and delivery requirements shall be submitted for all items manufactured according to this specification (see 6.4.2)."

4.2 Delete and substitute:

"4.2 Classification of inspections. The requirements specified herein are classified as follows:

(a) Qualification inspection (see 4.3).
(b) First article inspection (see 4.3.1).
(c) Quality conformance inspection (see 4.4)."

4.3 Delete and substitute:

"4.3 Qualification inspection for class I, types B, C and D and class II, types C, D, E and F only. Qualification inspection for class I, types B, C and D and class II, types C, D, E and F packing materials shall be conducted at a laboratory satisfactory to the Naval Sea Systems Command (NAVSEA). Qualification shall consist of the examinations and tests specified in 4.5.1 and 4.6.

4.3.1 First article inspection for class I, type E only. First article inspection for class I, type E packing material shall consist of the examinations and tests specified in 4.5.1 and 4.6."

PAGE 10

6.2 Delete and substitute:

"6.2 Ordering data.

6.2.1 Acquisition requirements. Acquisition documents should specify the following:

(a) Title, number and date of this specification.
(b) Class, type, size and form required (see 1.2, 3.4 and 3.5).
(c) First article inspection, if required (see 3.1.1).
(d) Applicable levels of preservation-packaging and packing required (see 5.1 and 5.2).
(e) Special marking required (see 5.3)."

PAGE 11

Add:

"6.3.2 First article inspection. Invitations for bids should provide that the Government reserves the right to waive the requirement for samples for first article inspection as to those bidders offering a product which has been previously acquired or tested by the Government, and that bidders offering such products, who wish to rely on such production or test, must furnish evidence with the bid that prior Government approval is presently appropriate for the pending contract."

PAGE 12

* Add as new paragraphs:

"6.7 Asbestos usage guidelines.

6.7.1 Material Safety Data Sheets. Contracting officers will identify those activities requiring copies of completed Material Safety Data Sheets prepared in accordance with FED-STD-313. The pertinent Government mailing addresses for submission of data are listed in FED-STD-313.

6.7.2 Environmental pollution preventive measures. Asbestos-containing materials: Overexposure to excessive quantities of airborne fibers may result in serious pulmonary problems and possible gastrointestinal disease."

6.8 Changes from previous amendment. The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
