MIL-D-16475/74(NU)
3 June 1985

MILITARY SPECIFICATION SHEET

DEVICES, METAL BREAST AND COLLAR

SURFACE SUPPLY CORPS OFFICER BREAST INSIGNIA

This specification is approved for use by the Navy Clothing and Textile Research Facility, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

The complete requirements for procuring the insignia described herein shall consist of this document and the latest issue of specification MIL-D-16475.

Sizes: Regular and miniature

Color: Gold

Guide Sample: Available for design, thickness and workmanship

Material: Brass

Finish: 24K gold plated; ship's bow and superstructure matte as per guide sample; balance of the design mirror-bright

Dimensions (overall)	Width (inches)	Height (inches)
Regular size	2-3/4	15/16
Miniature size	1-3/8	15/32
Tolerance	± 1/32	± 1/32

Beneficial comments (recommendations, additions, deletions) and any pertinent data which may be of use in improving this document should be addressed to: Officer in charge, Navy Clothing and Textile Research Facility, 21 Strathmore Road Natick, Ma. 01760-2490 by using the self-addressed standardization Document Improvement Proposal (DD Form 1426) appearing at the end of this document or by letter.

Construction (regular size).

The regular size Surface Warfare Operator Breast Badge as per specification sheet MIL-D-16475/53 (SA) and the standard size Supply Corps shirt collar as per specification sheet MIL-D-16475/44 are applicable.

The Surface Warfare Operator Breast Badge shall be modified in that the ship's bow shall be ground or removed slightly. The Supply Corps device shall be superimposed onto the center of the ship's superstructure and bow of the Surface Warfare Operator Breast Badge as per guide sample. The Supply Corps device shall be positioned, so when viewed from the front of the breast badge horizontally, it shall be at an angle of 60 degrees (± 2 degrees). Angle measurement is taken from the lowest part of the oak leaf to the uppermost point of the oak leaf. The Supply Corps device shall be permanently attached either by hard solder or electronically fused. The shirt collar device shall be dapped so as to appear part of the insignia design.

Construction (miniature size).

The miniature size Surface Warfare Operator Breast insignia as per specification sheet MIL-D-16475/53(SA) and an approved miniature size Supply Corps device shall govern.

The miniature size breast insignia shall be constructed similarly to the regular size breast insignia described in the preceding paragraph.

Placement of Attachment Findings.

Regular Size. Two prongs and two clutch fasteners shall be required. The prongs shall be centered onto the longest horizontal dimension equidistant from each end and measuring between their centers 2-7/16 (± 1/32) inches.

Miniature Size. Two prong and two clutch fasteners shall be required. The prongs shall be centered onto the longest horizontal dimension equidistant from each end and measuring between their centers 1-1/4 (± 1/32) inches.

Findings.

Prongs (pin posts): Shall be produced of metal materials of a grade and quality suitable for the purpose intended. It shall be 5/16 inch long tapered on one end with a slight notch in its diameter located 3/32 inch from the tapered point. The overall diameter of the prongs shall be 0.044 (± .001) inch or B.A. Ballou No. 34.

Clutches: Shall be constructed of a metal material of a grade and quality suitable for the purpose intended and shall be 7/16 inch diameter (overall) or B.A. Ballou No. 56.

NOTE: 1. Packaging and packing shall be standard commercial practice.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
