PAGE 24

* Add the following paragraph:

"4.5.7 Charge removal from container. Each sample shall be tested for removal of the propelling charge from the container by hand. The charge may be pulled out by the straps or the container may be inverted and the charge either pulled out or slid out. Any charge that cannot be removed from the container using the above method shall be cause for rejection of the production represented by the sample."

5.1: Delete "drawing 7548187" and substitute "drawing 9331256".

The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
