COMMERCIAL ITEM DESCRIPTION SPECIFICATION SHEET

VAPOR CORROSION INHIBITORS, TYPE III

The General Services Administration has authorized the use of this commercial item description, for all federal agencies.

The complete requirements for procuring Type III vapor corrosion inhibitors (VCIs) described herein shall consist of this document and the latest issue in effect of A-A-59441.

1. SCOPE. This commercial item description covers the requirements for Type III VCIs to provide corrosion protection for metals used in mechanical, electrical and electronic components and equipment that are subjected to corrosive environments inside of enclosures. Type III VCIs are supplied in aerosol containers for local, topical applications of VCI protection.

2. SALIENT CHARACTERISTICS

2.1 Physical characteristics. See Table I.

2.2 Performance. VCI sprays shall not interfere with or modify the electrical, optical, or mechanical surface properties of the materials within the enclosure.

TABLE I. Physical characteristics.

Material Form	Application	Features	Protection Life (mo)	
			Sealed	Exposed
1	Spray application of VCI materials into enclosed spaces (connection boxes, cabinets, etc.).	* May be used with VCI emitters. * Provides immediate protection. * Use in vented or unvented enclosures. * May also be used as cleaning or penetrating agent.	6	3
2	Spray application of VCI materials in outdoor, unsheltered applications.	* May be used with VCI emitters in outdoor enclosures. * Provides immediate protection. * Use in outdoor, unsheltered spaces. * May also be used as cleaning or penetrating agent.	6	3
3	Temporary, coating of exposed parts with VCI materials.	* Wax-like film seals parts. * Ultraviolet radiation resistant. * VCI materials offer protection from under film.	6	3
4	Oil additive or temporary coating for long term sheltered storage	* Flexible, self-healing coating. * Moisture displacing.	6	3

3. National stock numbers (NSNs). Table II provides NSNs that correspond to this CID. The list may not be indicative of all possible NSNs associated with the CID.

TABLE II. National stock numbers.

Material Form	Standard Package	NSN
1	6-340 gm (12 oz) cans per carton	6850-01-413-9361
2	6-340 gm (12 oz) cans per carton	TBD
3	6-312 gm (11 oz) cans per carton	8030-00-062-6950
4	6-312 gm (11 oz) cans per carton	TBD
