MILITARY SPECIFICATION SHEET

GREASE GUNS, HAND OPERATED, LEVER, PUSH AND SCREW TYPE;

TYPE I, LEVER OPERATED

This specification is approved for use by all Departments and Agencies of the Department of Defense.

The requirements for acquiring the grease guns described herein shall consist of this specification and the latest issue of MIL-G-3859.

Requirements: The grease guns shall conform to figure 1 and table I.

Definitive military specification part number. The specification part number is a definitive part number which corresponds to the type, size, class and outlet of the grease guns covered by this specification. The specification sheet number, the size symbol, the class symbol and the outlet symbol are combined where applicable to form the definitive specification part number.

Cataloging Data: For cataloging purposes, part numbers for the grease guns are assigned as follows:

M3859/1 - XX

Military specification sheet number

Size symbol (see table I)

TABLE I. Lever operated grease gun size symbol.

Size symbol	Nominal size (ounces)
14	14
18	18
80	80
