MILITARY SPECIFICATION SHEET

GUIDANCE SECTION, GUIDED WEAPON MK 71 MOD 2

This specification is approved for use by the Naval Air Systems Command, Department of the Navy and is available for use by all departments and agencies of the Department of Defense.

The complete requirements for procuring the guidance section described herein shall consist of this document and the latest issue of specification MIL-C-85868.

General: This specification sheet is applicable to the rework of a MK 27 Mod 0, MK 46 Mod 1, or MK 64 Mod 1 Guidance Section to the MK 71 Mod 2 configuration.

Use: The guidance section is to be used in the assembly of weapons specified in MIL-G-85883, MIL-G-85884, MIL-G-85885, and MIL-G-85886.

Associated equipment: The guidance section shall operate with the associated equipment specified in MIL-C-85381, MIL-G-85883, MIL-G-85884, MIL-G-85885, and MIL-G-85886.

Requirements:

General: The MK 71 Mod 2 Guidance Section shall meet the requirements of Section 3 of MIL-G-85868 and this specification sheet. The guidance section shall be configured in accordance with DL 1388AS800 regardless of whether the guidance section is modified from another guidance section or built new.

Packaging: Packaging shall be in accordance with 5.1 of MIL-G-85868.

Burn-in: The guidance section shall be subjected to a burn-in test in accordance with MIL-G-85868.

Notes:

Ordering data: If existing guidance sections are to be modified to the MK 71 Mod 2 configuration, the procurement documents should specify the configuration to be modified in addition to ordering data noted in section 6 of MIL-G-85868.
