MIL-A-22889(OS)
AMENDMENT 2
27 January 1987
SUPERSEDING
AMENDMENT 1
10 September 1970

MILITARY **SPECIFICATION**

AMPLIFIERS, ERROR LEVEL, ASSEMBLY

This amendment forms a part of Military Specification MIL-A-22889(Wep), dated 9 July 1964, and is approved for use within the Naval Sea Systems Command, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

By this amendment, basic specification MIL-A-22889(Wep) is changed to read MIL-A-22889(OS), and throughout the specification "Bureau of Naval Weapons" shall be changed to read "Naval Sea Systems Command" and "BUWEPS" and "NAVWEPS" shall be changed to read "NAVSEA".

PAGE 1

PAGE 6

3.5.2: Delete and substitute:

"3.5.2 Shock, nonoperating condition. The error level amplifier assembly shall withstand the Type C shock requirements specified in MIL-S-901 and thereafter shall show no damage and shall meet all the performance requirements and product characteristics of this specification."

* 3.5.5, third line: Delete "MIL-E-5272" and substitute "MIL-STD-81O".

PAGE 7

* 4.1, Delete and substitute:

"4.1A Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.IB Responsibility for compliance. All items must meet all requirements of sections 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection system or quality program. The absence of any inspection requirements in the specification shall not relieve the contractor of the responsibility of assuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material."

4.1.1, tine 2: Delete "by Government inspectors." ,

4.1.2, line 4: Delete "to the Government inspector."

4.1.3, line 5: Delete 'will be as determined by the Government inspector and."

PAGE 8

4.1.4, line 4: Delete "by the Government inspector."

4.2.1: Delete second sentence and substitute 'Acceptance tests shall be performed by the manufacturer."
