COMMERCIAL ITEM DESCRIPTION

CALCIUM THIOGYCOLLATE, TRIHYDRATE, CREAM

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-C-37644 which is cancelled.

Salient characteristics:

Shall be Calcium Thioglycollate, Trihydrate, Cream.

Shall be in accordance with the requirements of the FDA.

Shall be smooth, non-irritating cream free from grit, containing 5 percent Calcium Thioglycollate, Trihydrate in a suitable water soluble, emollient base with suitable preservative. The cream shall be suitable for use as a depilatory.

Shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amount of Calcium Thioglycollate, Trihydrate when assayed by a suitable, accurate and reproducible method.

The pH of a 10 percent slurry of the cream in purified water shall be not less than 11.5 and not more than 12.8 at 25^{0}C when determined potentiometrically using the USP method and a high-alkali electrode.

All ingredients shall be of a pharmaceutical grade.

Workmanship. The cream shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Package (PC). Shall be supplied 100 grams in a commercially available collapsible ointment tube. One package containing 12 tubes, as specified, constitutes one unit

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6505-01-113-2645	CALCIUM THIOGLYCOLLATE, TRIHYDRATE, CREAM Surgical Depilatory, 5 percent 100 Gram, 12s

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
