COMMERCIAL ITEM DESCRIPTION

CLOMIPHENE CITRATE TABLETS, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-C-37355A which is cancelled.

Salient characteristics:

Shall be Clomiphene Citrate Tablets, USP.

Shall be in accordance with the requirements of the USP.

Shall contain 50 mg of Clomiphene Citrate per tablet, within the applicable assay limits for the tablets.

All ingredients shall be of a pharmaceutical grade.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied 30 tablets individually sealed in commercially available blister or strip packaging. One package containing 30 individually sealed tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
