INTERIM COMMERCIAL ITEM DESCRIPTION

SPLINT, NASAL (Large, Brown)

The General Services Administration has authorized the use of this interim commercial item description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA, 19101, based upon currently available technical information.

This interim commercial item description covers a large Brown style nasal splint for use in fractures of the nose or other nasal medical conditions.

Salient characteristics.

Material. The splint shall consist of three layers of material. The center layer shall be of aluminum covered on one side by a neutral colored felt and on the opposite side by brown colored cloth.

Construction. The splint shall be a large size with dimensions of 2-3/4 inches from top to bottom and 2-3/8 inches at the widest points. The splint shall be shaped to fit the nose when bent into a "V" shape and applied to the nose. The splint shall not be provided with a forehead extension. The splint shall be easily bent by hand to fit the contour of the nose.

Workmanship. The nasal splint shall be free from defects which detract from its appearance or impair its serviceability. Splint shall be free from burrs, cracks pits, sharp edges, deformation, dirt, grease, oil or other foreign matter.

Product Quality Level

Visual and dimensional examination. Shall be examined to verify that design, construction and workmanship are in accordance with applicable requirements.

Quality Assurance Provisions.

Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

Records. Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of three years after delivery of the supplies to which such records relate.

Inspection. Inspection, as used herein, is defined as both examination (such as visual or auditory investigation without the use of special laboratory appliances or procedures) and testing (determination by technical means of physical and chemical properties) of the item.

Tests. Tests shall be conducted to determine compliance with specification requirements. Where feasible, the same sample shall be used for the determination of two or more test characteristics.

Sampling for tests. Sampling for tests shall be conducted in accordance with MIL-STD-105 and as specified herein. The unit of product for test purposes shall be one nasal splint. Inspection level shall be S-2, AQL 1.0.

INSTRUCTIONS. In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge (DO NOT STAPLE), and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE. This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
