INTERIM COMMERCIAL ITEM DESCRIPTION

GLOBULIN, RH_0(D) Immune

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

Salient Characteristics:

Shall be a sterile, lyophilized, water soluble Globulin, Rho(D) Immune, Human, for intramuscular injection.

Shall contain 0.2 gram human immunoglobulin anti-Rho(D) within the applicable assay limits.

The Globulin, Rh_0(D) Immune, Human, shall be prepared by a cold alcohol method of fractionation from human plasma found nonreactive for hepatitis B surface antigen (HBsAg) by a licensed test.

When reconstituted as directed on the labeling, the resulting solution shall be in accordance with the USP requirements for Rho(D) Immune Globulin, USP.

Samples of the final, filled immediate containers shall be submitted as follows:

The quality assurance representative, when inspection is at source, or the contractor, when inspection is at destination, shall send the following by the fastest route directly to:

Department of Biologics Research
Division of Communicable Disease and Immunology
Walter Reed Army Institute of Research, Bldg 40
ATTN: Mr. Calvin Powell, Room 2022
Washington, DC 20307-5100

AMSC N/A FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

1. Six (6) vials of globulin and diluent (including circulars) from each lot or batch, accompanied by a DD Form 1222 bearing the following information:

   a. National Stock Number
   b. Item Identification
   c. Contract number
   d. Contractor's name and address
   e. Lot or control number
   f. Quantity of material represented by the sample

2. One (1) copy of the protocol which the manufacturer has submitted to the Office of Biologics Research and Review (OBRR) stating the essential manufacturing processes and results of tests for each lot or batch.

3. One (1) copy of Office of Biologics Research and Review (OBRR) release for each lot or batch.

Shipment of material shall not be withheld for a report from Walter Reed Army Institute of Research.

When inspection is made at source, the quality assurance representative shall submit one (1) copy of the Office of Biologics Research and Review (OBRR) release and certificate of sterility for each lot or batch, and two (2) copies of document, submitted with the samples, directly to the Technical Operations Division, Directorate of Medical Materiel, Defense Personnel Support Center, ATTN: DPSC-RSQ, 2800 South 20th Street, Philadelphia, PA 19101.

When inspection is made at destination, the contractor shall submit one (1) copy of the Office of Biologics Research and Review (OBRR) release and certificate of sterility for each lot or batch, and two (2) copies of document submitted with samples, directly to the Defense Personnel Support Center, addresses as shown above, and one (1) copy of the Office of Biologics Research and Review (OBRR) release shall also be forwarded with the shipment to the consignee.

Workmanship. The Product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing a single-dose vial of Globulin, Rho(D) Immune, and a single-dose container containing sufficient Sterile Water for Injection, USP to permit reconstitution of the sterile powder. One package containing 6 packages, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6505-01-246-4127	Globulin, Rho(D) Immune, Sterile, 0.2 Gram, Lyophilized, 6s
