INTERIM COMMERCIAL ITEM DESCRIPTION

ANTISEPTIC-ANESTHETIC SOLUTION, PHENOLATED

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information. This document may be used in preference to MIL-A-37861(DLA-DM) dated 17 March 1978.

Salient Characteristics:

Shall be a flavored, clear, non-irritating, aqueous antiseptic-anesthetic solution containing Phenol or Phenolated compound and other inactive ingredients such as flavors, sweetners, dyes and other ingredients approved by the FDA for internal use.

The antiseptic-anesthetic solution shall be suitable for use as a sore throat spray that may be swallowed and suitable as a gargle/rinse and mouthwash when use according to approved FDA labeled directions.

Shall contain a total phenol content of not less than 1.26 percent w/v and not more than 1.54 percent w/v.

The presence of all of the ingredients in the formula for the solution shall be determined from the batch formulation sheet as kept on file by the manufacturer.

The bidder or offeror shall submit with its bid or proposal the test methods and results for the phenol assay and any other physical or chemical testing protocols approved by the FDA.

Such methods shall be employed in the testing of the solution and need not be resubmitted provided the bidder or offeror certifies that there has been no change in formulation or method of manufacture.

Materials used in the manufacture of the solution shall be of a pharmaceutical grade.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Workmanship. The Solution shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied 6 fl oz in a bottle with a sprayer. One package containing 12 bottles, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

INSTRUCTIONS In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)* and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
