DATA ITEM DESCRIPTION
Title: AFTER ACTION REPORT

Number: DI-MGMT-82245
AMSC Number: N9990
DTIC Applicable: N/A
Preparing Activity: SH
Applicable Forms: N/A

Approval Date: 20181025
Limitation: N/A
GIDEP Applicable: N/A
Project Number: MGMT-2018-047

Use/Relationship: The After Action Report (AAR) provides information after each mission event. This will provide the government the capability to capitalize on successes, identify areas for improvement and take appropriate action to improve the overall quality of support in meeting the Fleet's Training Objectives through effective application of range systems, assets, and capabilities.

This Data Item Description (DID) contains content, preparation instructions and intended use information for the data product generated by the specific and discrete task requirement as delineated in the contract.

Requirements:

Format. The Report shall be in contractor's format.

Content. The Report shall contain the following:

1. Provide breakdown of support elements with an evaluation of the effectiveness and performance rating for each element
2. Provide results of the initial post impressions and event analysis
3. Provide technical and operational assessment that describes areas of success and areas for improvement
4. Provide root cause analysis results for all support issues or failures in operations and mission support

End of DI-MGMT-82245
