specified in the contract, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements."

"4.2 Classification of inspection. The inspection of the compass shall be classified as follows:

(a) First article inspection (4.3)
(b) Quality conformance inspection (4.4)"

"4.3 First article inspection. First article inspection shall consist of all the examinations and tests of this specification."

"4.3.1 First article samples. Unless otherwise specified, as soon as practicable after award of a contract or order, the manufacturer shall submit three compasses of each part number for first article testing. The samples shall be representative of the construction, workmanship, components, and materials to be used during production. When a manufacturer is in continuous production of these compasses from contract to contract, submission of further first article samples on the new contract may be waived at the discretion of the procuring activity (see 6.2) Approval of the first article samples or the waiving of the first article inspection does not preclude the requirements of submitting to the quality conformance inspection. The first article samples shall be furnished to the Government as directed by the contracting officer (see 6.2). Each sample size shall be plainly identified by a securely attached durable tag marked with the following information:
