MILITARY SPECIFICATION

CABLE, ELECTRICAL, SHIELDING, 600-VOLT
(FOR NONFLEXING SERVICE)

This amendment forms a part of Military Specification MIL-C-21609A(WP), 6 October 1965, and has been approved by the Naval Ordnance Systems Command, Department of the Navy.

By this amendment basic specification MIL-C-21609 (WP) is changed to read MIL-C-21609 (OS), and throughout the specification "Bureau of Naval Weapons" shall be changed to "Naval Ordnance Systems Command".

Page 1, paragraph 1.1, line 1: Add "waterproof" between the words "covers" and "shielded."

Page 2, paragraph 2.1: Delete "General Specifications for Inspection of Material."

Page 8, paragraph 3.4.3.5, line 2: Delete "no greater than."
