# COMMERCIAL ITEM DESCRIPTION

## SHAMPOO (ANTIDANDRUFF)

The General Services Administration has authorized the use of this commercial item description.

Salient characteristics.

The shampoo shall lather easily, clean the hair and scalp without drying them excessively, rinse easily from the hair and scalp, and leave the hair soft, lusterous, and manageable. The shampoo shall be a liquid or lotion.

The shampoo shall contain one of the following active ingredients at a concentration that has proven effectice against dandruff: zinc pyrithione; selenium sulfide; parachlorometaxyenol; N-trichloromethylthio-4-cyclohexene 1,2-dicarboximide; or undecylenic acid monoethanolamide sulphosuccinate, sodium salt.

The pH of a 33 percent (v/v) solution of the shampoo shall be 5-9.

The shampoo shall conform to the rules and regulations of the Food and Drug Administration, Department of Health Education and Welfare (21 CFR 1 - Regulations for the enforcement of the Federal Food, Drug and Cosmetic Act).

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Packaging, packing, and marking. The shampoo shall be packaged in accordance with normal commerical practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.

Note. Purchasers should specify in the contract the size containers of shampoo required.

Code of Federal Regulations (CFR) and parts, may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.
