COMMERCIAL ITEM DESCRIPTION

BOX, FILING, LETTER

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers letter and legal size filing boxes which are used as ready reference files, pending files, and for storage of letters, invoices, etc.

1. Salient characteristics:

The letter file box shall:

A. Have the general design shown in figure 1. Box material shall be hardboard, chipboard, pressboard or similar material, 0.1 inch thick minimum.

B. Have the dimensions as shown in table I.

C. Have a hinged front which opens not less than 90 degrees and a hinged cover which opens not less than 180 degrees. The cover and drop front shall be hinged on the inside and outside with a strong buckram, twill fabric, tyvek and/or reinforced tape not less than 2" wide, which shall allow the box to be repetitively opened and closed without any ripping, tearing, or cracking of the box or hinges. Hinges shall extend the full length of the box.

D. Have a corrosion-resistant fastener which latches the front and cover together.

E. Contain not less than 15 tabbed, alphabetically indexed (A thru Z) manila, kraft, or wallet stock partitions which are not less than 0.008 inch thick each. Partitions shall be fastened and reinforced near the back using one or two posts and shall not pull out from the box during normal use.

DISTRIBUTION STATEMENT A : Approved for public release; distribution is unlimited.

F. Have exterior surfaces covered by a dark, wave, or agate marbled moisture-resistant material except for the back which shall have blank spaces for the identification of the box's contents.

G. Have a pull tab made of leather or an equivalent fabric not less than 0.05 inch thick fastened to the back.

H. Have all corners of the cover reinforced by metal stitches, metal stays, or metal clamps.

I. Be marked with the name or trade mark of the manufacturer.

J. Workmanship - The covering material shall be smooth, without rips, blisters, or areas of excessive glue. The box shall be free from any defects which affect appearance or serviceability or may cause injury to the end user.

TABLE I. Inside dimensions +/- 1/8 inch for height, +/- 1/4 inch for length and width

Size	Length (INCHES)	Width (INCHES)	Height (INCHES)
Letter	11 3/4	11	2 3/4
Legal	14 1/2	11	2 3/4

2. Recovered materials:

The manufacturer shall utilize recovered materials in accordance with Public Law 94-580 to the maximum extent practical.

3. Quality Assurance:

Responsibility for Inspection - Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified, the supplier may utilize his own facilities or any commercial laboratory acceptable to the Government. The Government reserves the right to perform any of the inspections set forth herein, where such inspections are deemed necessary to assure that supplies and services conform to the prescribed requirements.
