# INTERIM COMMERCIAL ITEM DESCRIPTION

## AMINOCAPROIC ACID TABLETS, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-ATT, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

This Interim Commercial Item Description covers Aminocaproic Acid Tablets, USP, for use as a Hemostatic.

Salient Characteristics:

Shall be Aminocaproic Acid Tablets, USP.

Shall be in accordance with the requirements of the USP.

Shall contain 500 mg of Aminocaproic Acid per tablet, within the applicable assay limits for the tablets.

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Bottle (BT). One bottle, containing 100 tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release, distribution is unlimited.
