COMMERCIAL ITEM DESCRIPTION

BLOCKER SET, X-RAY FILM IDENTIFICATION

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a set of shields of different radiopacities suitable for x-ray film identification.

Salient characteristics:

The set of shields shall be of different radiopacities for use with x-ray film identification labels.

The set shall consist of four blocker shields with the approximate dimensions of 1-1/4 inches by 3-1/4 inches. Shields shall be color coded for the following general uses:

	Typical Settings (Reference only)
(a) (White) - extremities.	50-80 KVP, 5 MAS
(b) (Green) - chest and cervical.	90 KVP, 10 MAS
(c) (Yellow) - skull and back.	90 KVP, 20-30 MAS
(d) (Red) - especially heavy exposures.	110 KVP, 80 MAS

Manufacturer's instructions shall be furnished with each set.

Workmanship. The blocker set shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Set(SE). One blocker set, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

AMSC N/A FSC 6525

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

6525-00-880-7261

Ordering data. Intermediate/exterior package quantities, labeling, and marking must be specified in the contract and/or order.
