FSC 7930

P-F-430C
FINISH, FLOOR, WATER EMULSION

The General Services Administration authorized this list to identify products eligible for consideration in Federal **Government procurement under the subject specification. The Government has qualified each product as meeting applicable requirements of the latest effective** issue of the subject specification and has identified the source o? each qualified product by the name, address, and plant location of the manufacturer. The listing of a product is not an endorsement by the Federal Government and does not release the supplier from compliance with specification requirements. The Government will revise, amend, or cancel this list as necessary, without prior notice, to reflect actions by the Government or the manufacturer requiring modification or discontinuance of any or all of the information herein. The brand name designation under which the product is offered for sale to the general public is capitalized and enclosed in quotation marks in the Manufacturer's Designation or "BRAND NAME" column, provided the manufacturer or his authorized distributor has certified that the product submitted for qualification is the same product, except for packaging and marking, and is the only product available on the public market by that brand name. This information may be referred to for advertising or publicity only to state that the product of a particular manufacturing facility is listed and identified here, or that such product meets the requirements of the subject specification, provided that test results are publicly available to verify the statement, and provide further that. such advertising or publicity does not claim or imply Government preference or endorsement or that the product is the only one of its type that has passed the prescribed tests.

The activity responsible for this Qualified Products List is the Chemical Technology Division, ***(FREC)***, Chemicals Branch, Federal Supply Service, **General Semites** Administration, Washington, DC 20406.
