Section IV

(Part 5)

FEDERAL SPECIFICATION

FOR

CLOTHS; POLISHING

This specification was approved on the above date by the Director of Procurement, for the use of all departments and establishments of the Government, and shall be put into effect not later than January 15, 1946, for use in procurement initiated on or after that date. It may be put into effect, however, at any earlier date after promulgation.

A. APPLICABLE SPECIFICATION

A–1. The following Federal Specification, of the issue in effect on date of invitation for bids, shall form a part of this specification:

CCC–T–191—Textiles; General Specifications, Test-Methods.

B. TYPES AND GRADE

B–1. *Types.*—Polishing cloths, in accordance with this specification, shall be furnished in the following types, as specified in the invitation for bids:

Type I. Woven.
Type II. Knitted.

B–2. *Grade.*—Polishing cloths shall be furnished in one grade only, the grade known commercially as "firsts".

C. MATERIAL AND WORKMANSHIP

C–1. *Material.*—Polishing cloths shall be of well-cleaned washable cotton material.

C–2. *Workmanship.*—Workmanship shall be first-class. The finished product shall be free from avoidable imperfections in manufacture and from defects or blemishes affecting appearance or serviceability, and shall be cut and sewn so as to have a trim finish.

D. GENERAL REQUIREMENTS

D–1. *Color.*—Cloths may be furnished in any color or colors unless a specific color is specified in the invitation for bids.

D–2. *Finish.*—Cloths shall have a soft finish and shall be treated so as to be highly absorbent.

H. REQUIREMENTS APPLICABLE TO INDIVIDUAL DEPARTMENTS

H–1. The following departmental specifications of the issue in effect on date of invitation for bids, and special requirements, shall form a part of this specification, and shall be applicable to purchases made under this specification by the respective departments:

H–2. *Army.*—United States Army Specification No. 100–2, Standard Specifications for Marking Shipments by Contractors.

H–3. *Navy.*—

H–3a. *Navy Department Specifications.*—

General Specifications for Inspection of Material.

39P16—Packaging and Packing for Overseas Shipment:

Section V—Boxes, Wood, Cleated, Plywood (JAN–P–105).
Section VI—Boxes, Wood, Nailed (JAN–P–106).
Section VII—Boxes, Wood, Wire-Bound (JAN–P–107).
Section XX—Cartons, Folding, Paperboard (JAN–P–120).
Section XXV—Barrier-Materials, Waterproof, Flexible (JAN–P–125).

Copies of the specifications listed above and the Navy Shipment Marking Handbook may be obtained without cost upon application to the Bureau of Supplies and Accounts, Navy Department, Washington 25, D. C., except that Naval activities should make application to the Supply Officer in Command, Naval Supply Depot, Bayonne, N. J.

H–3b. *Packaging (for domestic or overseas shipment).*—Unless otherwise specified, cloths shall be packaged in quantities of twelve, in bundles, bags, or chipboard cartons. Bundles shall be wrapped in not less than a minimum 40-pound basis weight kraft wrapping paper and sealed with a minimum 60-pound, 2-inch width gummed kraft tape. Bags shall be of a suitable standard style made of a minimum 40-pound basis weight kraft and shall be suitably closed with a minimum 60-pound basis weight, 2-inch width gummed kraft tape. Cartons shall be either set-up style or folding style conforming to the requirements of Navy Department Specification 39P16, Section XX (JAN–P–120).

H–3c. *Packing.*—

H–3c(1). *For domestic shipment.*—Unless otherwise specified, cloths packaged as described in paragraph H–3b, shall be packed in lots not to exceed 50 dozen in cleated plywood, nailed or wirebound wood boxes, conforming to the requirements of Navy Department Specification 39P16, Section V (JAN–P–105), Section VI (JAN–P–106), and Section VII (JAN–P–107), respectively. No water-resistant or toxic-treated plywood will be required in cleated plywood boxes. No strapping will be required.

H–3c(2). *For overseas shipment.*—Unless otherwise specified, cloths packaged as described in paragraph H–3b, shall be packed as described in paragraph H–3c(1), except that boxes shall be lined with a sealed waterproof bag, or its equivalent, made from material conforming to the requirements of Navy Department Specification 39P16, Section XXV (JAN–P–125), for case liners. The seams and closures shall have strength and water resistance equal to that of the body material. Boxes shall be strapped in conformance with the requirements of the appendix of the applicable box specification.

H–3c (3). *For domestic or overseas shipment.*—Where practicable, shipping containers of similar construction shall be of uniform size and shall contain the same number of items of one type and size. Containers shall be designed to fit the contents in a compact manner.

H–3d. *Marking.*—In addition to any special marking required by the contract or order, marking of interior packages and shipping container shall conform to the requirements of the latest issue of the Navy Shipment Marking Handbook.

I. NOTES

I–1. This specification covers polishing cloths intended for use in the polishing of high-gloss surfaces.

I–2. Purchasers should exercise any desired options offered herein and specify the type of cloths desired and should state the color, if a specific color is desired (see pars. B–1 and D–1).

I–3. It is believed that this specification adequately describes the characteristics necessary to secure the desired material, and that normally no samples will be necessary prior to award to determine compliance with this specification. If, for any particular purpose, samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

I–4. Federal specifications do not include all types, classes, grades, sizes, etc., of the commodities indicated by the titles of the specifications or which are commercially available, but are intended to cover the types, etc., which are suitable for Federal Government requirements.

I–5. An Index of Federal Specifications may be purchased as noted in the paragraph below, price to be obtained from the Superintendent of Documents.

I–6. Copies of this specification and of CCC–T–191 may be obtained upon application, accompanied by postal note (or money order), coupon, or cash, to Superintendent of Documents, Government Printing Office, Washington 25, D. C. Price 5 cents each.
