FEDERAL STANDARD STOCK CATALOG

Section IV

(Part 5)

FEDERAL SPECIFICATION

FOR

CLOTHS; POLISHING

This specification was approved by the Director of Procurement for the use of all departments and establishments of the Government, and shall become effective not later than March 1, 1937. It may be put into effect, however, at any earlier date, after promulgation.

A. APPLICABLE FEDERAL SPECIFICATIONS.

A–1. The following Federal specification of the issue in effect on date of invitation for bids shall form a part of this specification:

F. S. CCC–T–191, Textiles; Test Methods.

A–2. Any special requirements of the individual departments of the Government are noted under section H.

B. TYPE AND GRADE.

B–1. Polishing cloths shall be of one type. The grade shall be that commercially known as "firsts."

C. MATERIAL AND WORKMANSHIP, ETC.

C–1. *Material.*—Shall be of washable cotton material, with one or both sides fleeced or napped, or a regular cotton velvet or similar material meeting the requirements hereafter described.

C–2. *Workmanship.*—The cloths shall be free from defects affecting their appearance or which may affect thier serviceability.

D. GENERAL REQUIREMENTS.

D–1. Cloths shall be suitable for polishing high-gloss surfaces without scratching.

E. DETAIL REQUIREMENTS.

E–1. *Size.*—Shall be 17½ by 21 inches, with a tolerance of plus or minus 1 inch.

E–2. *Breaking strength.*—Shall be not less than 25 pounds in the warp and 18 pounds in the filling, grab method.

E–3. *Edges.*—Other than selvage, shall be bound, hemmed, or overedged.

Check the source to verify that this is the current version before use.

E–4. *Weight.*—Shall be not less than 4.67 ounces per square yard.

E–5. *Ends and picks.*—The ends shall be not less than 68 and the picks not less than 48.

F. METHODS OF SAMPLING, INSPECTION, AND TESTS.

F–1. *Sampling.*—A sufficient number of samples shall be taken at random to insure compliance with the requirements of the specification.

F–2. *Inspection and tests.*—Shall be conducted in accordance with the methods prescribed in Federal Specification CCC–T–191.

G. PACKAGING, PACKING, AND MARKING FOR SHIPMENT.

G–1. *Packaging.*—Cloths shall be packed in durable paper packages, each containing one dozen cloths, the packages to be closed with gummed paper strips or suitable string.

G–2.—*Packing.*—Paper packages shall be packed in standard commercial containers, each containing not more than 50 dozen cloths. Shipping containers shall be so constructed as to insure acceptance by common or other carrier, for safe transportation at the lowest rate, to the point of delivery.

G–3. *Marking.*—

G–3a. *Paper packages.*—Shall be marked with the name of the material, quantity, and name of manufacturer.

G–3b. *Shipping containers.*—Shall be marked with the name of the material and the quantity contained therein, as defined by the contract or order under which the shipment is made, the name of the contractor, and the number of the contract or order.

H. REQUIREMENTS APPLICABLE TO INDIVIDUAL DEPARTMENTS.

H–1. The following departmental specifications of the issue in effect on date of invitation for bids shall form a part of this specification:

H–1a. *Army*: U. S. Army Specification No. 100–2, Standard Specification for Marking Shipments.

H–1b. *Navy*: Navy Department General Specifications for Inspection of Material, copies of which may be obtained without cost upon application to the Bureau of Supplies and Accounts, Navy Department, Washington, D. C.

I. NOTES.

I–1. It is believed that this specification adequately describes the characteristics necessary to secure the desired material, and that normally no samples will be necessary prior to award to determine compliance with this specification. If for any particular purpose, samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

I–2. An alphabetical Index of Federal Specifications may be purchased, as noted in the paragraph next below, price 10 cents.
