COMMERCIAL ITEM DESCRIPTION

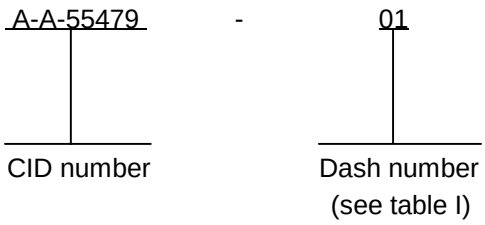
CONNECTORS, PIN, ELECTRICAL, RECTANGULAR, RACK AND PANEL, PIN PROTECTOR

The General Services Administration has authorized the use of this Commercial Item Description (CID).

1. SCOPE. This CID covers the general requirements for connectors, pin, electrical, rectangular, rack and panel, pin protector. Connectors, pin, electrical, rectangular, rack and panel, pin protector covered by this CID are intended for commercial/industrial applications. This pin protector is for MIL-DTL-28748/9 connectors and can be used in applications that require an aluminum alloy pin protector.

2. CLASSIFICATION. This CID uses a classification system, which is included in the Part Identification Number (PIN) as shown in the following example (see 7.1).

PIN. The PIN for the CID shall be as shown in the following example:



Beneficial comments, recommendations, additions, deletions, clarifications, etc., and any data which may improve this document should be sent to: Defense Supply Center Columbus, ATTN: DSCC-VAI, Post Office Box 3990, Columbus, Ohio 43216-5000, telephone (614-692)-0538, or facsimile (FAX) (61`4) 692-6940

AMSC N/A FSC 5935

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

3. SALIENT CHARACTERISTICS.

3.1 Interface and physical dimensions. Connectors, pin, electrical, rectangular, rack and panel, pin protector supplied to this CID shall be as specified herein see figure 1 and table I.

3.2 Material. Pin protectors are manufactured from an aluminum alloy: A380 in accordance with AMS-QQ-A-591 or ASTM B 85, for durability and strength. Screw, lockwasher, and hex nut are stainless steel 300 series.

3.3 Finish. Pin protectors are anodized "dyed black" or electroless nickel, see table I. Screw, lockwasher, and hex nut are passivated in accordance with AMS-QQ-P-35.

3.4 Marking. Pin, electrical, rectangular, rack and panel, pin protector supplied to this CID shall be marked with the manufacturer's (MFR's) standard commercial PIN.

NOTES:

1. Dimensions are in millimeters.
2. Inches are in parentheses.
3. Unless otherwise specified, tolerance is ± 0.76 millimeter (± .030 inch).
4. The US Government preferred system of measurement is the metric SI system. However, this item was originally designed using inch-pound units of measurement. In the event of conflict between the metric and inch-pound units, the inch-pound units shall take precedence.
5. Dimensions L2 and W1 are measured at non-flanged opening, with 1° maximum draft acceptable.

4. REGULATORY REQUIREMENTS. The offer/contractor is encouraged to use recoverable materials to the maximum extent practicable, in accordance with 23.403 of the Federal Acquisition Regulation (FAR).

5. PRODUCT CONFORMANCE PROVISIONS.

5.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

6. PACKAGING. Preservation, packing, and marking shall be as specified in the contract or order.

7. NOTES.

7.1 PIN. The PIN should be used for Government purposes to buy commercial products to this CID. See section 2 for PIN format example.

7.2 Commercial and Government Entity (CAGE) code. For ordering purposes, inventory control, and submission of these connectors, pin, electrical, rectangular, rack and panel, pin protector to DSCC under the Military Parts Advisory Group (MPCAG) evaluation program, CAGE code 58536 should be used.

7.3 Source of documents.

Military Specification

MIL-DTL-28748/9	-	Connectors, Receptacle, Electrical, Rectangular, Rack and Panel, Polarized Center Jackscrew or Guidepin Style, Crimp Type Removable Pin Contacts, Size 16.

(Copies of federal and military specifications are available from the Standardization Documents Order Desk, Building 4D, 700 Robbins Avenue, Philadelphia, PA 19111-5094.)

Other publications.

American Society for Testing and Materials (ASTM)

ASTM B 85	-	Standard Specification for Aluminum Alloy Die Castings.

(Applications for copies should be addressed to the American Society for Testing and Marerials, 11 West 42nd Street, 13th Floor, New York, NY 10036.)

Source: https://assist.dla.mil -- Downloaded: 2026-10-26T09:48Z
Check the source to verify that this is the current version before use.

Society or Automotive Engineers (SAE)

AMS-QQ-P-35 - Passivation Treatments for Corrosion-Resistant Steel.

(Applications for copies should be addressed to the Society of Automotive Engineers, 400 Commonwealth Drive, Warrendale, PA 15096-0001.)

7.4 Ordering data. The contract or order should specify the following:

a. CID document number, revision, and CID PIN.

b. Product conformance provisions.

c. Packaging requirements.

d. Color (if applicable).

7.5 Commercial products. As part of the market analysis and research effort, this CID was coordinated with the following manufacturers or commercial products. At the time of CID preparation and coordination, this manufacturer was known to have commercial products that would meet the requirements of this CID. (NOTE: This information should not be considered as a list of approved manufacturers or be used to restrict procurement to the only manufacturer shown.)

MFR's CAGE	MFR's name and address
53669	Packard Hughes Interconnect 17150 Von Karman Avenue Irvine, CA 92713-9685

7.6 Part number (P/N) supersession data. These CID PINs supersede the following MFR's P/N's as shown. This information is being provided to assist in reducing proliferation in the Government inventory system.

15	53669	MAC0212S004
16	53669	MAC0212S001

1/ Odd CID dash numbers are electroless nickel.

2/ Even CID dash numbers are anodized and dyed black.

3/ The manufacturer's PIN shall not be used for procurement to the requirements of this CID, the aforementioned commercial products were reviewed and could be replaced by the CID PIN shown. For actual part marking requirements see 3.4.

7.7 Government users. To acquire information on obtaining these pin, electrical, rectangular, rack and panel, pin protector from the Government inventory system, contact the Defense Supply Center Columbus, ATTN: DSCC-CDAB, Post Office Box 3990, Columbus, OH 43216-5000, or telephone (614) 692-7749.
