COMMERCIAL ITEM DESCRIPTION

TIMER, INTERVAL, MECHANICAL
(60 Minute Maximum Interval)

The General Services Administration has authorized the use of this commercial item description for all federal agencies.

1. SCOPE:

This commercial item description covers requirements for a 60 minute general purpose mechanical timer.

2. SALIENT CHARACTERISTICS:

2.1 General. Mechanically operated. Plastic body and selector knob. Acid-resistant, shatter-proof, non-warping, bell alarm.

2.2 Readability. The dial markings and time indicator shall contrast with the dial sufficiently to ensure readability at a distance of 1.5 meters in normal office light.

2.3 Marking. The markings shall be evenly spaced to indicate each minute, with larger marks for every 5 minutes and numbered at least every 15 minutes, up to 60 minutes. {The reading on the timer shall indicate the time remaining in an interval.}

2.4 Dimensions. The overall dimensions of the timer shall not exceed 18 cm in height, 15 cm in width, and 13 cm in depth.

2.5 Workmanship. The timers shall be free from any defects which may impair their appearance, durability or serviceability.

2.6 Accuracy. The timer shall be accurate up to 2 seconds per minute on any time interval selected.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any other data which may improve this document should be sent to: General Services Administration, Engineering Branch (2FYEE), New York, NY 10278.

Check the source to verify that this is the current version before use.

2.7 Alarm. The alarm shall sound only at the end of the desired interval and shall be audible from a distance of at least 8 meters and shall be easily set to any desired interval up to at least 60 minutes.

2.8 WARRANTY: Timers shall be warranted by the contractor for parts and labor for two years from date of delivery to the government.

3. REGULATORY REQUIREMENTS:

The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.4303 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS:

Product Conformance. The product provided shall meet the salient characteristics of this commercial item description. The quality of the product sold to the government shall be equal to or better than the quality of the product sold by the manufacturer in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING:

Preservation, Packaging, Packing, Labeling, and Marking shall be as specified in the contract or purchase order.

6. NOTES:

6.1 Addresses for obtaining copies of referenced documents:
The issue date in effect on date of invitation for bids or request for proposal shall apply.

6.2 Federal Acquisition Regulations (FAR) may be obtained from the U.S. Government Printing Office, Washington, D.C. 20402.

6.3 Ordering Data: Purchasers should include in procurement documents: Title, number, and date of this document.

6.4 List of NSN's:
1) 6645-00-880-8045.
