COMMERCIAL ITEM DESCRIPTION

HEADSET-MICROPHONE, LIGHTWEIGHT, GENERAL REQUIREMENTS FOR

The General Services Administration has authorized the use of this commercial item description, for all federal agencies.

1. SCOPE. This commercial item description (CID) covers the general requirements for lightweight headset-microphones, for both amplified and unamplified receiver type headsets that were originally specified in the canceled MIL-H-83534 and MIL-H-83535. Requirements for specific headset-microphones are covered in the individual CID specification sheets. Headset-microphones covered by this CID are intended for commercial/industrial applications.

2. CLASSIFICATION/PART OR IDENTIFYING NUMBER (PIN). This CID uses a classification system, which is included in the PIN, as shown in the following example (see 7.1). The following part or identifying numbering procedure is for Government purposes and does not constitute a requirement for the contractor (see 3.3).

AA55568	/01	-	001	E
CID number	Applicable CID spec sheet (two digits)		Dash number (see applicable CID spec sheet)	Ear tip kit (when required see CID spec sheet)

3. SALIENT CHARACTERISTICS.

3.1 Interface and physical dimensions. Lightweight headset-microphones supplied to this CID shall be as specified on the applicable CID specification sheet.

3.2 CID specification sheet. The family of lightweight headset-microphones shall be in accordance with the requirements specified herein and the applicable CID specification sheet. In the event of a conflict between this general CID and the applicable CID specification sheet, the latter shall govern.

3.3 Marking. Lightweight headset-microphones supplied to this CID shall be marked with the manufacturer's (MFR's) standard commercial PIN. (NOTE: The part number marked on the unit pack shall be the CID PIN.)

3.4 Electrical characteristics. The Electrical characteristics for lightweight headset-microphones supplied to this CID shall be as specified on the applicable CID specification sheet.

3.5 Recycled, recovered, or environmentally preferable, or biobased materials. Recycled, recovered, environmentally preferable, or biobased materials should be used to the maximum extent possible, provided that the material meets or exceeds the operational and maintenance requirements, and promotes economically advantageous life cycle costs.

Comments, suggestions, or questions on this document should be addressed to: DLA Land and Maritime, ATTN: VAI, Post Office Box 3990, Columbus, Ohio 43218-3990 or emailed to Sound@dla.mil. Since contact information can change, you may want to verify the currency of this address information using the ASSIST Online database at https://assist.dla.mil.

Check the source to verify that this is the current version before use.

3.6 Workmanship. Lightweight headset-microphones shall be processed in such a manner as to be uniform in quality and shall be free from other defects that will affect life, serviceability, or appearance.

4. REGULATORY REQUIREMENTS. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with 23.403 of the Federal Acquisition Regulation (FAR).

5. PRODUCT CONFORMANCE PROVISIONS.

5.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

5.2 Market acceptance . The following market acceptance criteria are necessary to document the quality of the product to be provided under this CID:

a. The company producing the item must have been producing a product meeting the requirements of this CID for at least 2 years.

b. The company producing the item must have sold at least 1,000 units meeting this CID in the commercial marketplace over the past 2 years.

5.3 Inspection requirements. Bid samples may be required, when necessary to assure product quality.

6. PACKAGING. Preservation, packing, and marking shall be as specified in the contract or order.

7. NOTES.

7.1 PIN. The PIN should be used for Government purposes, to buy commercial products to this CID. See section 2 for PIN format example.

7.2 Commercial and Government Entity (CAGE) code. For ordering purposes, inventory control, and submission of these headset-microphones to DLA Land and Maritime, under the Military Parts Control Advisory Group (MPCAG) evaluation program, CAGE code 58536 should be used.

7.3 Source of documents.

DEPARTMENT OF DEFENSE SPECIFICATIONS

MIL-H-83534 - Headset-Microphone, Monaural, Lightweight, Intra-Aural, General Specification for (S/S by A-A-55568, A-A-55568/1, and A-A-5568/2

MIL-H-83535 - Headset-Microphone, Lightweight, Supra-Aural, General Specification for (S/S BY A-A-55568 and A-A-55568/3)
