# COMMERCIAL ITEM DESCRIPTION

## SHAMPOO, MEDICATED (SULFUR AND SALICYLIC ACID)

The General Services Administration has authorized the use of this Commercial Item Description.

Salient Characteristics:

Shall be a combination of two percent Sulfur, and two percent Salicylic Acid, in a colored, scented surface active base suitable for use as a surface active, penetrating, therapeutic antiseborrheic shampoo.

Shall be in accordance with the requirements of the FDA.

All ingredients used in the manufacture of the shampoo shall be of pharmaceutical grade.

Shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amount of Sulfur and Salicylic Acid when determined by a suitable, accurate and reproducible method(s).

A 20% solution of shampoo in purified water shall have a pH range of 2.9 to 3.9 when determined potentiometrically at 25°C, using the USP method or an equivalent suitable, accurate and reproducible method.

Workmanship. The Shampoo shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Bottle (BT). One bottle containing 4 oz (113.4 grams) as specified, constitutes one unit.

AMSC/NA FSC 6508

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

| NSN | ITEM IDENTIFICATION |
|---|---|
| 6508-00-116-1362 | SHAMPOO, MEDICATED, Sulfur and Salicylic Acid, 4 oz (113.4 Gram) |
