COMMERCIAL ITEM DESCRIPTION

POTASSIUM CHLORIDE, L-LYSINE MONOHYDROCHLORIDE, AND POTASSIUM BICARBONATE TABLETS, EFFERVESCENT

The General Services Administration has authorized the use of this Commercial Item Description.

Salient Characteristics:

Shall be a flavored, effervescent tablet containing 1.125 grams of Potassium Chloride, 0.5 grams of Potassium Bicarbonate, USP, and 0.913 grams of L-Lysine Monohydrochloride, equivalent to 20 mEq of Potassium and 20 mEq of Chloride.

Shall contain citric acid, saccharin, flavoring, coloring and other suitable ingredients to make an effervescent tablet.

Shall be in accordance with the requirements of the FDA.

Shall assay to contain not less than 18.6 mEq and not more than 21.4 mEq of Potassium, not less than 18.6 mEq and not more than 21.4 mEq of Chloride, and not less than 849 mg and not more than 977 mg of L-Lysine Monohydrochloride when determined by a suitable, accurate and reproducible method(s).

Shall have a hardness range of 1.5 to 5 Kg when 20 tablets are tested using a Stokes hardness tester or other comparable tester. As an alternate, shall have a hardness of not less than 5 kiliponds (kp) using the Schleuniger Tester.

Shall dissolve without agitation in not more than 6 minutes when 20 tablets are individually dissolved in 90 ml of water at 15° + 2°C. In addition, shall effervesce during dissolution. During the shelf life of the tablet, it shall dissolve in not more than 7 minutes.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Shall meet the requirements of the USP Weight Variation Test.

Shall contain a maximum of 0.2 percent moisture when determined by a suitable, accurate and reproducible method.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Package (PG).

For Size 1, shall be supplied one tablet in a commercially available aluminum foil pocket, which shall be capable of maintaining the tablet moisture-free until opened. Each pocket shall be easily removed from the adjoining pocket without disturbing the seal of the adjoining pocket. One package containing 60 tablets, as specified, constitutes one unit.

For Size 2, shall be supplied one tablet in a commercially available aluminum foil pocket, which shall be capable of maintaining the tablet moisture-free until opened. Each pocket shall be easily removed from the adjoining pocket without disturbing the seal of the adjoining pocket. One package containing 1000 tablets as specified, together with 33 polyethylene plastic bags suitable for dispensing the tablets, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurdisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document:

NSN	ITEM IDENTIFICATION	SIZE
6505-00-116-0604	POTASSIUM CHLORIDE, L-LYSINE MONOHYDROCHLORIDE, AND POTASSIUM BICARBONATE TABLETS, EFFERVESCENT, Individually Sealed, 60s	1
6505-00-149-0117	POTASSIUM CHLORIDE, L-LYSINE MONOHYDROCHLORIDE, AND POTASSIUM BICARBONATE TABLETS, EFFERVESCENT, Individually Sealed, 1000s	2

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
