CCC-C-439b
Interim Amendment-1
November 8, 1962

INTERIM AMENDMENT TO

FEDERAL SPECIFICATION

CLOTH, COTTON, BUNTING, MERCERIZED

This Interim Amendment was developed by General Services Administration, Federal Supply Service, Washington, D. C. The primary purpose of this amendment is to add the reference of a standard color of yellow. Its use is authorized by the General Services Administration for procurement purposes by all Federal agencies as a part of Federal Specification CCC-C-439b dated June 22, 1962.

Paragraph 2.1, under "Federal Standards" add the following: "Federal Standard No. 595 - Colors."

Paragraph 3.3: Add the following at the end of the paragraph: Unless otherwise specified when yellow bunting is required, and no standard sample of yellow cloth is available, it shall match color number 23655 of Federal Standard No. 595.
