COMMERCIAL ITEM DESCRIPTION

CANDLELIGHTER, TAPER

The General Services Administration has authorized the use of this commercial item description in preference to type III of Military Specification MIL-C-40638.

1. SALIENT CHARACTERISTICS

1.1 Description. The candlelighter shall be an approximately 16- to 18-inch long by 1/8-inch diameter, white, waxed wick taper. The taper shall burn dripless when held in any position or at any angle from vertical to horizontal and shall fully burn without unraveling, excessive smoking, or objectionable odor. The taper shall be fringed 1/2 inch from one end to permit ease in the initial lighting.

2. QUALITY ASSURANCE

2.1 Certification. The contractor shall certify that the product offered meets the salient characterisitics of this description and conforms to the producer's own specifications, standards, and quality assurance practices. When specific quality assurance provisions are specified for any commercial characteristic, the contractor shall furnish data resulting from inspection conducted in accordance with the specific quality assurance provisions. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

3. PACKAGING

3.1 Packaging. One hundred and twenty candlelighter tapers shall be packaged in a snug-fitting folding or set-up paperboard box. The approximate inside dimensions shall be 18 inches in length, 1-1/2 inches in width, and 1-1/2 inches in depth. Approximate dimensions are furnished as a guide only.

3.2 Packing. Six thousand candlelighter tapers (fifty unit packs) shall be packed in a snug-fitting RSC style corrugated fiberboard shipping container conforming to type CF (variety SW) or SF, class domestic, grade 275 of PPP-B-636. The approximate inside dimensions of the shipping container shall be 18 inches in length, 15 inches in width, and 8 inches in depth. Approximate dimensions are furnished as a guide only. Each shipping container shall be closed in accordance with the appendix of PPP-B-636.
