"

NOTE 5, delete and substitute:

"5. Capacitors with dimension L of 1.562 or D of .562 and larger, are not intended to be supported by their leads. These capacitors shall be supported with a supplementary means of mounting, such as tangential retainer for styles CQ06, and a wrap-around band for style CQ07. The supporting device will not be supplied with the capacitor.
6. Lead length may be a minimum of 1-inch long for use in tape and reel packaging when specified in the ordering data. "

NOTE: The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
