FED. SUP CLASS
6640

MATERIAL: Grinder shall be made of steel.

DESIGN: Grinder shall have "C" type clamp for attaching to table top 13 to 38 mm thick, cast steel body, steel worm feed and grinding plates and a hand crank which has a wooden hand grip.

The grinder is for grinding chemicals, drugs, and gums. The distance between grinding plates shall be adjustable to vary fineness of the product. Overall height 362 mm.

NOTE: Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements specified herein.

USER ACTIVITIES:

REVIEWER ACTIVITIES:

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
