"5.1.2 Level C. The helmet shell shall be preserved and packaged in a manner that will afford adequate protection against deterioration and physical damage during shipment from supply source to the first receiving activity for immediate use. This level may conform to the supplier's commercial practice provided the latter meets the requirements of this level.

"5.2 Packing. Packing shall be level A, B, or C, as specified (see 6.2).

"5.2.1 Level A. Helmet shells preserved and packaged as specified in 5.1.1 shall be overpacked in exterior-type shipping containers conforming to class weather-resistant of PPP-B-636. Closure shall be in accordance with the appendix of the container specification.

"5.2.2 Level B. Level B packing shall be the same as specified for level A packing except that the shipping container shall conform to class domestic of PPP-B-636. Closure shall be in accordance with the appendix of the container specification.

"5.2.3 Level C. Helmet shells shall be packed in a manner that will afford protection, at the lowest rate, against damage during direct domestic shipment from the supply source to the first receiving activity for immediate use. Containers shall conform to applicable rules of carriers and regulations applicable to the mode of transportation. This level may conform to the supplier's commercial practice provided the latter meets the requirements of this level.

"5.3 Marking. In addition to any special marking required by the contract or order, interior and exterior containers shall be marked in accordance with MIL-STD-129."
