MILITARY SPECIFICATION

CARTRIDGE, ENGINE STARTER MXU-4A/A

This amendment forms a part of Military Specification MIL-C-27505B (USAF) dated 15 June 1967, and is approved for use within the Department of the Air Force and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 1

* Section 1 delete and substitute the following:

" 1. SCOPE

1.1 Scope. This specification covers the requirements for one type of solid propellant engine starter cartridge, designated MXU-4A/A."

* Section 2 APPLICABLE DOCUMENTS, delete in its entirety and substitute the following:

" 2. APPLICABLE DOCUMENTS

2.1 Government documents.

2.1.1 Specifications and standards. Unless otherwise specified the following specifications and standards of the issue listed in that issue of the Department of Defense Index of Specifications and Standards (DoDISS) specified in the solicitation form a part of this specification to the extent specified herein.

Add the following note on the bottom center of the page immediately above the FSC Designation:

Beneficial comments (recommendations, additions, deletions) and any pertinent data which may be of use in improving this document should be addressed to: Ogden ALC/MMEDO Hill Air Force Base, Utah 84056 by using the self-addressed Standardization Document Improvement Proposal (DD Form 1426) appearing at the end of this document or by letter.
