QUALIFIED PRODUCTS LIST

PRODUCTS QUALIFIED UNDER MILITARY SPECIFICATION FSC 5355

MIL-K-3926

KNOBS, CONTROL (FOR USE WITH ELECTRONIC, COMMUNICATIONS, AND ALLIED EQUIPMENT)

This list has been prepared for use by or for the Government in the procurement of products covered by the subject specification and such listing of a product is not intended to and does not connote endorsement of the product by the Department of Defense. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of a product does not release the supplier from compliance with the specification requirements.

The activity responsible for this Qualified Products List is NAVAL ELECTRONIC SYSTEMS COMAND, Washington, DC 20363.

NOTE: Only the preparing activity may waive the qualification requirement of paragraph 3.2 of MIL-K-3926 for procurement of Knobs, Control (For use with Electronic, Communications, and Allied Equipment), in the absence of a QPL or product approved for listing on the QPL or when suppliers of the product listed on the QPL are nonresponsive to an IFB. When qualification is waived, procuring activities shall invoke first article inspection. First article inspection shall consist of performing all tests including qualification tests. The sample size and allowable defects shall be in accordance with the qualification sampling and acceptance criteria of MIL-K-3926 and supporting documents. A copy of the test data shall be forwarded to the qualifying activity.
