# DATA ITEM DESCRIPTION

**Title:** Communications Security (COMSEC) Anonymity Plan

**Number:** DI-MGMT-81717
**AMSC Number:** 7671
**DTIC Applicable:** No
**Office of Primary Responsibility:** NS/I01P
**Applicable Forms:** N/A

**Approval Date:** 29 NOV 2006
**Limitation:** N/A
**GIDEP Applicable:** No

**Use/Relationship**:

1. This plan describes the Contractor's anonymity plan and identifies the procedures to be used to insure anonymity between the Government and the prime Contractor.

2. This Data Item Description (DID) is applicable to the acquisition of military systems and equipment.

3. This plan is required when COMSEC equipment, components and parts are acquired from sources outside the United States.

4. This DID contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

**Requirements**:

1. Reference Documents: None.

2. Format: The Anonymity Plan shall document in detail the Contractor's plan for satisfying the requirements.

    a. The plan shall be in Contractor's format.
    b. The page size shall be 8 ½" x 11" letter size paper.
    c. The title page shall include the following:
        - Subject of the plan or program name
        - Contract number
        - Security classification

Check the source to verify that this is the current version before use.

3. Content: The Anonymity Plan should include an outline of offshore parts procurement procedures that will be used for this contract for acquisition of COMSEC equipment, components and parts, with emphasis on how these procedures insure that the offshore subcontractor or vendor of these items remains unaware of the relationship between the prime Contractor and the Department of Defense/Maryland Procurement Office (MPO).

4. END OF DI-MGMT-81717
