DATA ITEM DESCRIPTION

Title: Provisioning Performance Schedule (PPS)

Number: DI- SESS-81713
AMSC Number: 7667
DTIC Applicable: No
Office of Primary Responsibility: NS/I5222
Applicable Forms: N/A

Approval Date: 29 NOV 2006
Limitation: N/A
GIDEP Applicable: No

Use/Relationship:

The Provisioning Performance Schedule (PPS) establishes a schedule of important actions and completion dates in the provisioning process.

This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract and paragraph 3.6 of DS-84, Data Standard for the Preparation and Submission of Provisioning Technical Documentation.

The PPS is used to schedule various actions in the provisioning process that are interdependent, since a delay in one area can have a serious cumulative effect on the schedule for making concurrent delivery of repair parts and equipment.

Requirements:

1. Reference Documents: The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as stated herein. DS-84, Data Standard for the Preparation and Submission of Provisioning Technical Documentation, the current edition, is located at the National Security Agency, Information Assurance Directorate, 9800 Savage Rd, Suite 6718, Fort Meade, Md 20755-6718, Attn: I5222, IA Logistics Support.

2. Format: The PPS may be in the contractor's format.

3. Content: The PPS shall be in accordance with paragraph 3.6 of DS-84. It shall contain a chronological list of the major events in the provisioning process and establish completion dates for each event. A sample PPS will be provided by the Government.

4. END OF DI-SESS-81713
