COMMERCIAL ITEM DESCRIPTION

POTASSIUM CHLORIDE ORAL SOLUTION, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-P-37445 which is cancelled.

Salient characteristics.

Shall be Potassium Chloride Oral Solution, USP.

Shall be in accordance with the requirements of the USP.

Shall be a sugar-free and pleasantly-flavored solution.

All ingredients shall be of a pharmaceutical grade.

Strength:

For Strength 1, shall contain 10 percent Potassium Chloride (w/v) equivalent to 20 mEq of elemental potassium in each 15 ml of solution, within the applicable assay limits.

For Strength 2, shall contain 20 percent Potassium Chloride (w/v) equivalent to 40 mEq of elemental potassium in each 15 ml of solution, USP, within the applicable assay limits for the suspension.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit.

For Size I - Bottle (BT). One bottle containing from 16 fl oz (473 ml) to 500 ml and may be labeled from 16 fl oz (473 ml) to 500 ml, as specified, constitutes one unit. Bottle shall be supplied with a child-resistant safety closure.

For Size II - Bottle (BT). One bottle containing from 32 fl oz (960 ml) to 1000 ml and may be labeled from 32 fl oz (960 ml) to 1000 ml, as specified, constitutes one unit.

For Size III - Bottle (BT). One bottle containing 128 fl oz (3840 ml), as specified, constitutes one unit.

For Size IV - Bottle (BT). One bottle containing 5000 ml, as specified, constitutes one unit.

For Size V - Package (PG). Shall be supplied 11.25 ml of solution equivalent to 15 mEq elemental potassium in a unit dose cup. One package containing 100 cups (10 trays of 10 cups), as specified, constitutes one unit.

For Size VI - Package (PG). Shall be supplied 15 ml of solution equivalent to 20 mEq elemental potassium in a unit dose cup. One package containing 100 cups (10 trays of 10 cups), as specified, constitutes one unit.

For Size VII - Package (PG). Shall be supplied 22.50 ml of solution equivalent to 30 mEq elemental potassium in a unit dose cup. One package containing 100 cups (10 trays of 10 cups), as specified, constitutes one unit.

For Size VIII - Package (PG). Shall be supplied 30 ml of solution equivalent to 40 mEq elemental potassium in a unit dose cup. One package containing 100 cups (10 trays of 10 cups), as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION	STRENGTH	SIZE
6505-00-116-1459	POTASSIUM CHLORIDE ORAL SOLUTION, USP, Equivalent to 20 milliequivalents of elemental potassium in each 15 ml, 16 fl oz (473 ml).	1	I
