COMMERCIAL ITEM DESCRIPTION

SULFACETAMIDE, SULFABENZAMIDE, SULFATHIAZOLE AND UREA CREAM

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-S-37204 which is cancelled.

Salient characteristics.

Shall be Sulfacetamide, Sulfabenzamide, Sulfathiazole and Urea Cream, Vaginal.

All ingredients shall be of a pharmaceutical grade.

Shall be water-dispersible, absorptive, vaginal cream in accordance with the following:

Sulfabenzamide	3.70%
Sulfacetamide	2.86%
Sulfathiazole	3.42%
Urea	0.64%
Cream base	qs ad 100.0%

The finished cream shall assay to contain the required amount of the individual sulfacamides and urea within the NDA assay limits, when assayed by a suitable accurate and reproducible method(s).

The pH of the undiluted finished cream shall be not less than 3.00 and not more than 4.00 at 25°C using the USP method.

Workmanship. The cream shall be free from defects which detract from its appearance or impair its serviceability.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit. Package (PG). Shall be supplied in a tube containing 2-3/4 oz (78 Gm). One package containing one tube, together with a suitable measured dose plastic applicator, which can be readily and securely affixed to the end of the tube, and directions for use, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
