1 TITLE	2 IDENTIFICATION NUMBER
Logistic Support Analysis Record (LSAR) Data	DI-ILSS-80114

3 DESCRIPTION/PURPOSE

3.1 This Data Item Description (DID) identifies deliverable LSAR data and describes the hardcopy media for their delivery. These data identify logistic support resource requirements in a correlated and integrated fashion and provide a basis for support system development activities and subsequent procurement actions and decisions.

3.2 LSAR data are used as source data in the preparation of equipment (continued on Page 2)

7 APPLICATION/INTERRELATIONSHIP

7.1 This DID contains the format and content preparation instructions for LSAR data required by 205.2, 301.2 and 401.2 of MIL-STD-1388-1A, and appendices A and F of MIL-STD-1388-2A.

7.2 This DID is applicable to the acquisition of military systems and equipment.

7.3 DI-ILSS-80115, DI-ILSS-80116 and DI-ILSS-80117 are related to, and may be used in lieu of this DID to obtain the three automated LSAR Master files.

10. PREPARATION INSTRUCTIONS

10.1 Source Document. The applicable issue of the documents cited herein, including their approval date and dates of any applicable amendments and revisions, shall be as reflected in the contract.

10.2 Data Record Preparation. LSAR data element definitions, data field lengths, and formats for recording and reporting LSAR data shall be in accordance with appendix A of MIL-STD-1388-2A. Data requirements shall be as specified on DD Form 1949-1, LSAR Data Selection Sheet, contained in the Statement of Work. Supplemental forms, worksheets, block diagrams, and other data that are specified in the logistic support analysis plan or other plan as forming part of the LSAR data shall be deliverable to the extent specified in the Contract Data Requirements List (CDRL), DD Form 1423.

10.3 Data Delivery Media. LSAR data shall be deliverable by one or a combination of the following media, as specified by the requiring authority on DD Form 1423.

a. Hardcopy (original, reproduced copies or computer generated copies).

b. Microcopy (microfiche/microfilm).

10.4 Data Records. The following LSAR data records, as described in MIL-STD-1388-2A, are deliverable data under this DID as specified by the requiring authority on DD Form 1423.

a. Data Record A, Operations and Maintenance Requirements (paragraph 20, appendix A of MIL-STD-1388-2A).

b. Data Record ß, Item Reliability and Maintainability (R&M) Characteristics (paragraph 30, appendix A of MIL-STD-1388-2A).

c. Data Record B1, Failure Mode and Effects Analysis (paragraph 40, appendix A of
