PAGE 7

3.3.1, table I, footnote 1, delete last sentence and substitute "However, supplementation of the natural sulfur to obtain the required total sulfur content, shall only be achieved by blending sufficient amounts of ditertiary butyl dislufide to the finished fuel."

PAGE 8

* Table II, change the limit for Max. Density, kg/L at 15 °C from "0.840" to "0.811". Change the Min limit for the Gravity, API at 60 °F from "37.0" to "43.0", and the Max limits from "43.0" to "51.0".

The margins of the amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletion) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
