FF-C-82B
AMENDMENT-2
May 8, 1972
SUPERSEDING
Amendment-1
April 2, 1969

FEDERAL SPECIFICATION

CASTERS, SWIVEL, CHAIR

This amendment, which forms a part of Federal Specification FF-C-82B, dated March 31, 1967, was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

PAGE 1

Paragraph 1.2.1, lines 8, 9, and 10: Delete type III in its entirety and substitute:

Type III - Caster, ball-bearing swivel, wood chair.

Style d - Stem and socket.
Style e - Straight knurled or serrated stem.

Size A - 1-5/8 - inch or 1-3/4 - inch diameter wheel.
Size B - 2-inch diameter wheel.

PAGE 4

Paragraph 3.4.6.4, delete in its entirety and substitute:

3.4.6.4 Type III caster stems. Stems for type III casters shall be made of cold-drawn steel.

3.4.6.4.1 Style d, stem and socket. Stems shall be of the proper size and standard length to fit the corresponding socket, and shall be so constructed as to permit a positive grip by the holding part of the socket. Stems shall be interchangeable with all standard shapes of grip-neck sockets. The stem shall be permanently fastened in the swivel head of the caster so that the yoke or horn shall rotate independently when the caster is swiveling.

3.4.6.4.2 Style e. A straight knurled or serrated stem and socket design shall be provided, having a main body diameter of 3/8 inch. The knurl or serration shall be centered on the stem length and shall be 3/8 inch to 1-1/16 inches long.

PAGE 5

Paragraph 3.6, delete entire paragraph and substitute the following:

3.6 Marking for identification. Each caster yoke, (horn) or the attached wheel, shall be marked with the manufacturers identification by name or symbol in a plain and permanent manner so that the source of manufacture may be readily determined.
