COMMERCIAL ITEM DESCRIPTION

TRIAZOLAM TABLETS, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description.

Salient characteristics:

Shall be Triazolam Tablets, USP.

Shall be in accordance with the requirements of the USP.

All ingredients shall be of pharmaceutical grade.

For Strength 1, shall contain 0.125 mg Triazolam per tablet, within the applicable assay limits.

For Strength 2, shall contain 0.25 mg Triazolam per tablet, within the applicable assay limits.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit.

For Size 1 - Package (PG). Shall be supplied 25 tablets individually sealed in commercially available reverse-numbered continuous roll blister or strip packaging. One package containing four reverse-numbered strips (100 tablets), as specified, constitutes one unit.

For Size 2 - Bottle (BT). One bottle containing 30 tablets, as specified, constitutes one unit. Bottle shall be supplied with a child-resistant safety closure.

For Size 3 - Bottle (BT). One bottle containing 100 tablets, as specified, constitutes one unit.

For Size 4 - Package (PG). One package containing 100 individually sealed tablets, as specified, constitutes one unit.

For Size 5 - Bottle (BT). One bottle containing 500 tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.
