Issues in effect)
SUPERSEDING
Fed. Std. No. 266A
January 23, 1968

FEDERAL STANDARD

LADDERS, EXTENSION

Authority. This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended, and its application to purchase of commodities referred to herein is mandatory on all Federal agencies.

S1. Purpose and scope. The purpose of this standard is the establishment of a standard list of extension ladders as required for ordinary maintenance purposes by Government activities. This standard will keep the varieties of such ladders which are to be procured and stocked to the minimum consistent with such requirements. The nonstandard items listed will no longer be authorized for procurement.

S2. Application. Purchase of extension ladders under Interim Federal Specification RR-L-0091, and Federal Specification LLL-L-51, of the issue in effect on date of invitation for bids shall be limited to the items listed herein. Existing Government stocks of extension ladders listed as nonstandard items shall be issued until exhausted. In those cases where this Federal Standard eliminates supply items and the items so eliminated are under contract, if the contract cannot be negotiated or amended to conform to the standard items, the Federal Standard becomes mandatory at the contract expiration date.

S3. Standard items. The standard items with their applicable Federal Stock Numbers shall conform to the characteristics listed below:

S4. Changes. When a Federal agency considers that this standard does not provide for its essential needs, written request for changing or adding to the standard, supported by adequate justification, shall be sent to the Administration. This justification shall explain wherein the standard does not provide for essential needs. The request shall be sent in duplicate to the General Services Administration, Federal Supply Service, Standardization Division, Washington, D.C., 20406. The Administration will determine the appropriate action to be taken and will notify the agency.

S5. Conflict with referenced specifications. Where the requirements stated in this standard conflict with any requirement in a referenced specification, the requirements of the standard shall apply. Nature of conflict between the standard and the referenced specification shall be submitted in duplicate to the General Services Administration, Federal Supply Service, Standardization Division, Washington, D.C., 20406.
